

Homework Saplings Class
Wednesday 9th May 2018

Maths

This week we have been finding the difference between two numbers. That's just the same as subtraction! We have been counting back on number lines, in our heads and drawing our own number lines to find the answer. What number differences can you find? What is the difference between your age and your brother's/sister's age? What is the difference between your house number and your neighbour's? Write the sum and find the answer.

English

In English this week we have planned a letter to Mrs Dunmall, listing objects around the school that might be hazards for blind people. Write a letter to Naughty Bus. What would you tell him?

Reading

So many Reading Passport challenges have been completed that we are running out of stickers! Only two weeks left!

Many thanks

Mrs Swansborough and Miss Ellis
